Subject: Catholic Faith, Observance and the Church After COVID-19 - Survey (with Catholic Voices)

Dear Friend

With Professor Leslie Francis of the University of Warwick and Professor Andrew Village of York St John University I am currently undertaking a major survey of UK Christian responses to the present crisis and its potential impact on the future perspectives of UK Christians. This study in turns forms part of a wider collaboration on my part with *Catholic Voices* for the Universities of Birmingham and Oxford.

Please find, through the link below, the version of this survey which is intended to capture Catholic experience and help us understand it better. It takes the form of an online questionnaire and it would be wonderful if you had the time to complete it yourself, make it known through your networks, or share it with friends across England, Wales and Scotland. We are running a separate survey on the island of Ireland.

Survey link: <https://tinyurl.com/y6vvn3hh> (cannot make this an active hypertext link so please write it down and type into your browser address)

Thanks for your help and interest

Kindest Regards

Francis
